FOR IMMEDIATE RELEASE

IES Holdings Reports Fiscal 2018 First Quarter Results

HOUSTON — February 6, 2018 — IES Holdings, Inc. (or "IES" or the "Company") (NASDAQ: IESC) today announced financial results for the quarter ended December 31, 2017. Results during the quarter were adversely impacted by a preliminary \$31.3 million charge related to the December 2017 enactment of the Tax Cuts and Jobs Act, which went into effect January 1, 2018.

First Quarter 2018 Highlights

- · Revenue of \$198 million for the first quarter of fiscal 2018, an increase of 3% compared with the first quarter of fiscal 2017
- · Income from operations of \$3.0 million for the first quarter of fiscal 2018, a decrease of \$4.0 million compared with the first quarter of fiscal 2017
- Net loss attributable to IES for the first quarter of fiscal 2018 of \$29.6 million, or \$1.39 per diluted share, which includes a \$31.3 million charge related to the enactment of the Tax Cuts and Jobs Act (as further discussed below)
- Adjusted net income attributable to IES (a non-GAAP financial measure, as defined below) for the first quarter of fiscal 2018 of \$2.4 million, a decrease of \$3.6 million compared with the first quarter of fiscal 2017
- Backlog of approximately \$337 million as of December 31, 2017, as compared to approximately \$331 million as of September 30, 2017 and approximately \$328 million as of December 31, 2016

Management Commentary

Robert Lewey, President, stated, "While our Residential and Communications segments had excellent performance, our Infrastructure Solutions and Commercial & Industrial segments did not meet our expectations during the quarter. Our Infrastructure Solutions segment continues to face headwinds, which are driven by sluggish demand from our industrial customers, and was also impacted by underperformance on certain projects during the quarter. Our Commercial & Industrial segment was negatively impacted by project delays, an increase in self-insurance reserves and continuing costs at our wind-down branches. We expect to see improved performance from both segments going forward and we remain committed to executing on our overall growth strategy and maintaining a strong balance sheet."

Tracy McLauchlin, Chief Financial Officer, added, "Our results during the quarter were impacted by the federal tax reform enacted in December 2017 and the recording of a non-cash charge of \$31 million as a write-down of our net deferred tax assets and liabilities. Our continued strong cash flow has resulted in a year-over-year increase in our cash balances despite using cash to fund three acquisitions and support our growth and expansion. We remain well positioned to use our liquidity to fund our growth strategy."

Tax Cuts and Jobs Act Impact

At September 30, 2017, the Company had deferred tax assets of \$86.2 million. In December 2017, the Tax Cuts and Jobs Act was enacted, which, among other changes, reduced the federal statutory corporate tax rate from 35% to 21%. As a result of this change, we recorded a preliminary charge of \$31.3 million as a write-down of net deferred tax assets and liabilities to reflect the estimated impact of the new statutory tax rate. This charge may be adjusted in future quarters and has no impact on our cash taxes paid.

Net Operating Loss Carryforwards

The Company estimates that it has available Net Operating Loss Carryforwards (NOLs) for U.S. federal income tax purposes of approximately \$378 million at September 30, 2017, including approximately \$142 million resulting from the additional amortization of personal goodwill. The Company's common stock is subject to a Rights Plan dated November 8, 2016, which is intended to assist in limiting the number of 5% or more owners of the Company's common stock and, thereby

reduce the risk of a possible "change of ownership" under Section 382 of the Internal Revenue Code of 1986, as amended. Any such "change of ownership" under these rules would limit or eliminate the ability of the Company to use its existing NOLs for federal income tax purposes. There is no guarantee that the Rights Plan will achieve the objective of preserving the value or realization of the NOLs.

Stock Buyback Plan

The Company's Board of Directors has authorized and previously announced a stock repurchase program for purchasing up to 1.5 million shares of our common stock from time to time. The Company did not repurchase any of its common stock during the three months ended December 31, 2017.

Non-GAAP Financial Measures and Other Adjustments

This press release includes adjusted net income attributable to IES and, in the non-GAAP reconciliation table included herein, adjusted net income before taxes, both of which are financial measures not calculated in accordance with generally accepted accounting principles in the U.S. ("GAAP"). Management believes that these measures provide useful information to our investors by distinguishing certain noncash events such as our valuation allowances release and write-down of our net deferred tax assets, and that these measures, when reconciled to net income attributable to IES, which is the most directly comparable GAAP measure, help our investors to better identify underlying trends in the operations of our business and facilitate easier comparisons of our financial performance with prior and future periods and to our peers. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information calculated in accordance with GAAP. Investors are encouraged to review the reconciliation of these non-GAAP measures to their most directly comparable GAAP financial measures. A reconciliation of these non-GAAP financial measures to GAAP results has been provided in the financial tables included in this press release.

For further details on the Company's financial results, please refer to the Company's quarterly report on Form 10-Q for the fiscal quarter ended December 31, 2017, to be filed with the Securities and Exchange Commission ("SEC") by February 6, 2018, and any amendments thereto.

About IES Holdings, Inc.

IES is a holding company that owns and manages diverse operating subsidiaries, comprised of providers of industrial infrastructure services to a variety of end markets. Our approximately 3,500 employees serve clients in the United States. For more information about IES, please visit www.ies-co.com.

Certain statements in this release may be deemed "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1934, all of which are based upon various estimates and assumptions that the Company believes to be reasonable as of the date hereof. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "could," "should," "expect," "plan," "project," "intend," anticipate," "believe," "seek," "estimate," "predict," "potential," "pursue," "target," "continue," the negative of such terms or other comparable terminology. These statements involve risks and uncertainties that could cause the Company's actual future outcomes to differ materially from those set forth in such statements. Such risks and uncertainties include, but are not limited to, the ability of our controlling shareholder to take action not aligned with other shareholders; the possibility that certain tax benefits of our net operating losses may be restricted or reduced in a change in ownership or a further change in the federal tax rate; the potential recognition of valuation allowances or further write-downs on net deferred tax assets; the inability to carry out plans and strategies as expected, including underperformance of our acquisitions or our inability to identify and complete acquisitions that meet our investment criteria in furtherance of our corporate strategy; competition in the industries in which we operate, both from third parties and former employees, which could result in the loss of one or more customers or lead to lower margins on new projects; fluctuations in operating activity due to downturns in levels of construction, seasonality and differing regional economic conditions; and our ability to successfully manage projects, as well as other risk factors discussed in this document, in the Company's annual report on Form 10-K for the year ended September 30, 2017 and in the Company's other reports on file with the SEC. You should understand that such risk factors could ca

Forward-looking statements are provided in this press release pursuant to the safe harbor established under the Private Securities Litigation Reform Act of 1995 and should be evaluated in the context of the estimates, assumptions, uncertainties, and risks described herein.

General information about IES Holdings, Inc. can be found at http://www.ies-co.com under "Investors." The Company's annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K, as well as any amendments to those reports, are available free of charge through the Company's website as soon as reasonably practicable after they are filed with, or furnished to, the SEC.

First Quarter 2018 Update

Disclosures

Forward-Looking Statements

Certain statements in this document may be deemed "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, all of which are based upon various estimates and assumptions that the Company believes to be reasonable as of the date hereof. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "could," "should," "expect," "plan," "project," "intend," anticipate," "believe," "seek," "estimate," "predict," "potential," "pursue," "target," "continue," the negative of such terms or other comparable terminology. These statements involve risks and uncertainties that could cause the Company's actual future outcomes to differ materially from those set forth in such statements. Such risks and uncertainties include, but are not limited to, the ability of our controlling shareholder to take action not aligned with other shareholders; the possibility that certain tax benefits of our net operating losses may be restricted or reduced in a change in ownership or a further change in the federal tax rate; the potential recognition of valuation allowances or further writedowns on net deferred tax assets; the inability to carry out plans and strategies as expected, including underperformance of our acquisitions or our inability to identify and complete acquisitions that meet our investment criteria in furtherance of our corporate strategy; competition in the industries in which we operate, both from third parties and former employees, which could result in the loss of one or more customers or lead to lower margins on new projects; fluctuations in operating activity due to downturns in levels of construction, seasonality and differing regional economic conditions; and our ability to successfully manage projects, as well as other risk factors discussed in this document, in the Company's annual report on Form 10-K for the year ended September 30, 2017 and in the Company's other reports on file with the SEC. You should understand that such risk factors could cause future outcomes to differ materially from those experienced previously or those expressed in such forward-looking statements. The Company undertakes no obligation to publicly update or revise any information, including information concerning its controlling shareholder, net operating losses, borrowing availability, or cash position, or any forward-looking statements to reflect events or circumstances that may arise after the date of this document. Forward-looking statements are provided in this press document pursuant to the safe harbor established under the Private Securities Litigation Reform Act of 1995 and should be evaluated in the context of the estimates, assumptions, uncertainties, and risks described herein.

Non-GAAP Financial Measures and Other Adjustments

This document includes adjusted net income attributable to IES and, in the non-GAAP reconciliation table included herein, adjusted net income before taxes, both of which are financial measures not calculated in accordance with generally accepted accounting principles in the U.S. ("GAAP"). Management believes that these measures provide useful information to our investors by distinguishing certain noncash events such as our valuation allowances release and write-down of our net deferred tax assets and that these measures, when reconciled to net income attributable to IES, which is the most directly comparable GAAP measure, help our investors to better identify underlying trends in the operations of our business and facilitate easier comparisons of our financial performance with prior and future periods and to our peers. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information calculated in accordance with GAAP. Investors are encouraged to review the reconciliation of these non-GAAP measures to their most directly comparable GAAP financial measures. A reconciliation of these non-GAAP financial measures to GAAP results has been provided in the financial tables included in this document.

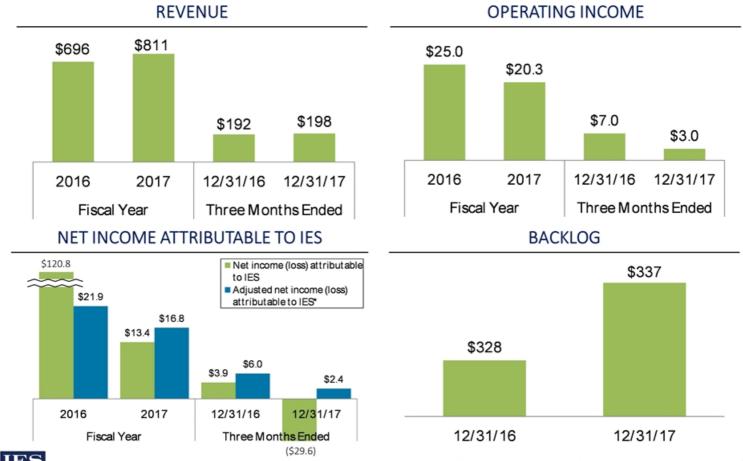

For further details on the Company's financial results, please refer to the Company's quarterly report on Form 10-Q for the fiscal quarter ended December 31, 2017, to be filed with the Securities and Exchange Commission ("SEC") by February 6, 2018, and any amendments thereto.

General information about IES Holdings, Inc. can be found at http://www.ies-co.com under "Investors." The Company's annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K, as well as any amendments to those reports, are available free of charge through the Company's website as soon as reasonably practicable after they are filed with, or furnished to, the SEC.

IES Holdings, Inc. (NASDAQ: IESC)

Financial measures presented here are in millions, except for earnings per share or as otherwise noted

* Adjusted net income attributable to IES is a non-GAAP financial measure; see supplemental disclosure for reconciliation table

First Quarter 2018 Highlights

Revenue

\$198.3 million, an increase of 3.2% compared with the 1st quarter of FY17 ("1Q17")

Income from Operations

- \$2.9 million, a decrease of \$4.0 million compared with 1Q17

Taxes

 Provision for income taxes of \$32.2 million includes \$31.3 million charge related to the enactment of the Tax Cuts and Jobs Act

Earnings

- Net loss attributable to IES of \$29.6 million, or \$1.39 per diluted share, compared with net income of \$3.9 million, or \$0.18 per diluted share, for 1Q17
- Adjusted net income attributable to IES (a non-GAAP financial measure; see supplemental disclosure table) of \$2.4 million, compared with \$6.0 million for 1Q17

First Quarter 2018 Segment Results

Commercial & Industrial

- Revenue: \$53.0 million, decrease of 1.8% from 1Q17
- Operating Loss: (\$0.9) million
- Operating Margin: (1.8%)

Communications

- Revenue: \$54.5 million, increase of 2.2% over 1Q17
- Operating Profit: \$3.0 million
- Operating Margin: 5.6%

Infrastructure Solutions

- Revenue: \$21.7 million, increase of 17.4% over 1Q17
- ♦ Operating Profit: \$0.1 million
- Operating Margin: 0.6%

Residential

- Revenue: \$69.2 million, increase of 4.1% over 1Q17
- Operating Profit: \$4.1 million
